Electronic Lights In Operation At Hondo

Two Lights Finished By Noon Monday

By Ralph Cole
On June 8, 1956, what I call the first issue of my paper hit the streets in Hondo. Fifty-one years of the Anvil Herald have been published since my first paper was put out as a newspaper. After graduating from college, I came back to Hondo and started the paper. For it was Hondo and the Anvil Herald that gave me a start in my chosen life's profession.

On June 8, 1956, I have met many Medina County residents who can truthfully say there are no other papers in the county. I have made many friends in Hondo and other communities in the county, and I will always remember my first day as editor of the Anvil Herald.

To these many people I want to say thanks for your help — to Bill Berger and the Anvil Herald. I will say an extra big thank you to the rest of the staff, my days at Hondo have been extra hard.

Hondo also has a spot in my heart because of my wife. We are returning now and then to visit each other. I will be leaving for Fort Worth, Ga. this next week, after a brief visit with my family in Hondo. So, I will take the opportunity to bid each and every Medina County citizen good-bye.

It has been a pleasure and an experience working in Hondo.

The Medina County Sheriff's office is a part of Civil Defense, and I received some new equipment. According to Dan O'Connor, Civil Defense coordinator for Medina County, the group has received an insulated bolt and two ropes with hooks and small pick.

The Medina County Wildlife Association will hold a meeting Friday, May 27, at 8 p.m. in the Park Theatre. Report of the planning committee will be made and plans will be made for the annual fish fry.

Mr. and Mrs. Charles G. Clark, of Castroville, have offered their services as correspondents from the Castroville community. Anyone in that immediate area who wants news for the Anvil Herald should contact either one of the Clarks.

The 25th Schweers family reunion will be held at Pablos in San Antonio June 2. A dinner will be served.

Now in operation at the crossing of Avenue K and Highway 90 is a regular traffic light with red, yellow and green lights for high-way traffic. This is known as a fixed time control, Korbell said.

City Secretary O. L. Moss explained the necessity for parallel parking on K by saying that with diagonal parking along the side street, cars turning off Highway 90 onto K had to swing out so far that they would run across the activator bar causing the light to change even though the vehicle was headed the opposite direction. With parallel parking at the spot, autos may turn and stay on their own side of the street without running across the bar.

The new traffic control was put in use Monday morning according to Charles Korbell of the Texas Highway Department. In conjunction with its installation, parking along side the Armstrong Hotel on Avenue K is now to be parallel instead of diagonal. The City of Hondo passed an ordinance requiring this at the request of the highway department.

This light, like the one at Avenue M and Highway 90, is operated electronically. The light remains green for through traffic on the highway until a car intending to cross the street approaches the light on K or M. When the car touches an activator bar on the street, the

HONDO'S FLOOD — Streets in Hondo became flooded last Saturday, when a 1.5 inch rain was dumped on the city. The picture above was taken about 9 Saturday morning on 16th St. Below, water creeps around a house on 16th St. No homes were evacuated and no damage was reported from high waters.

Medina River Claims Life Of 15 Year Old

Flood waters of the Medina River took the life of a 15 year old Castroville youth Saturday. James Pettibon, with his brother Charles, was trying to move drift wood on a small dam near the Medina River bridge on Highway 90 at Castroville, when he slipped and went over the edge.

His 19 year old brother went for help and returned before James was washed away. Witnesses said the boy came up several times but was caught in a whirl pool and swept away before they could help him out of the surging waters.

The drowning, Medina County's first of the year, happened around 2 p.m. Saturday. Volunteers from the Devine, San Antonio and Hondo Air Base Fire Departments, along with other

workers, worked until 6 a.m. Sunday morning before Leona Suehs recovered the body about 50 feet from where the victim had last been seen. Suehs, 13 chief of police at Castroville. Charles was taken to Castroville Clinic but was released Sunday.

The Sheriff's Department reported that the River was on a rise Saturday but had gone down Sunday, allowing better view. The body was found in waist-deep water.

The victim's mother, Mrs. Mary Pettibon, had recently moved to Castroville with her children from Devine.

Funeral services were held Tuesday in St. Louis Church. Pettibon was a member of the freshman class at St. Louis school at Castroville.

Clinic Set For Hondo Monday

Hondo's Little League and Baby Ruth League will hold a clinic next Monday night, May 27, at 7 at the Lacy Elementary gymnasium.

All Hondo youths between the ages of 9 and 15 and who are interested in playing Little League baseball this summer, should attend the clinic. Another clinic will be held following try-outs, all scheduled for next week. The other clinic will be at the new Little League field near the air base.

All managers, umpires and scorekeepers should be present at the Monday night clinic. Wayne Sigler, Little League president, said.

Moye To Hold Graduation

Moye Military Institute, Castroville, will hold graduation exercises Sunday morning at 9:30. Ceremonies will begin with an exhibition drill and diplomas will be given at 3 p.m. the same afternoon.

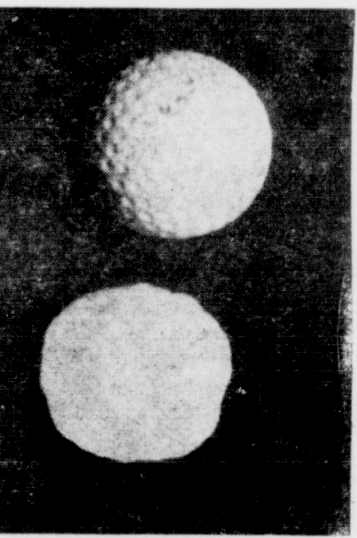

Main speaker for the occasion will be Chaplain Hugh J. McKenna, U. S. Army, and guest of honor will be Col. Arron C. Buchanan, great grandson of James Buchanan and son of the late Senator A. C. Buchanan. Robert Deputy and William Landers, both of Hondo, are in the graduating class.

Rain Hits Again

Rain again hit Medina County last week, leaving as much as four inches around Yancey. Yancey reported two inches while farmers near the community reported four inches.

The Settlement community reported one-half inch Monday, May 13, with hard wind Tuesday night. Scattered showers throughout the week were followed by two inches of rain Saturday. A lot of wind was reported Saturday but no hail fell, and no damage was reported.

Hondo received 1.71 inches for the week. Water was deep on some streets but no evacuation was necessary.

HAIL STONE — Mrs. A. N. Rowlett, Hondo, collected the above hail stone, on bottom, in her front yard during a recent rain storm. Mrs. Rowlett lives at 804 27th St. The top object is a golf ball for comparison.

Special Essay Power For Peace..

The following essay was written by Kenneth C. Nieten, a junior at Hondo High School. The essay was selected as the best from the number submitted by Hondo High School students.

The essay reflects objective thinking and foresight of the young people of America who will be the leaders of our country in a few short years. The essay reflects the mood of our America, the attitude that a great country will not degenerate but progress to even greater and brighter accomplishments. (NOTE.)

Usually when we think of a man's power, we think of it in terms of wage a war with him. Now let us look at it from another angle. Power can also be used to create and maintain peace. It not only

draws respect from other strong nations, but it also creates trust and loyalty from nations that are not so strong. Wouldn't you rather fight a boy that is somewhat smaller than you are, than fight one that is twice as large as you are? The same principle applies to feelings between nations. We all know that the United States is a world leader in peace, but at the same time, our nation is outstripping every other nation in such things as atomic energy, air power, artillery and mobile units, and others. Why? This is not to create fear and distrust from small countries, but to prove that the United States will never let down its guard, for that is the moment the enemy will strike.

As long as history has been recorded, there have always been wars. Now our great country is trying to get away from

Council Disturbed City Dump Studied

The Hondo City Council, meeting in a reconvened meeting after recessing their regular meeting, voted to enforce garbage dumping hours and try to clean up the city dump grounds.

The county health office has told the Council that the dump grounds, located north of the city limits, must be cleaned up because of the number of flies produced in that vicinity.

Chief of police Orby Swatzell issued warnings to several citizens Monday in an effort to get trash dumped in proper places.

TWO WRECKS INVESTIGATED LAST WEEK

The Medina County Sheriff's Department investigated two accidents during the weekend.

The first, Saturday morning about 11:45, happened on Ave. K, in front of the Anvil Herald. Charged with hit and run was Jose Benites Sr., 40, Hondo. Benites hit a parked 1952 International pickup owned by Arnold Saathoff, 36. The Sheriff's Department said Benites was arrested and released on bond.

Estimated damage to the Benites car was \$45 and to the Saathoff car, \$28.50.

A Sunday night accident found a 1949 Ford half way in the Richter Hotel at the intersection of Highway 90 and Ave. M. The accident happened about 9:02 p.m.

Sheriff's deputies said Benito Martinez, 43 year old Hondo man, lost control of his car and ran into the East side of the building causing \$16 damage to the hotel and \$35 damage to the car.

The city will, in the near future, place a man at the dump grounds to tell persons carrying their own trash and preferring not to pay the \$1.25 garbage fees, where to dump. Trash and garbage will be burned one day and covered with a layer of dirt the next day to prevent flies from hatching, causing a health menace.

According to city secretary O. L. Moss, trash is dumped anywhere and then blows all over the dump grounds. Moss said cattle trucks dumped fresh manure anywhere on the dump grounds and flies hatched.

With proper care, city trash dumps are supposed to last up to six months. The Council has also discussed locking the dump grounds gate after 6 p.m. although no action has been taken as yet.

In other business, the Council voted to have street lights installed at the intersections of Ave. D and 16th St., Ave. G and 15th St., and Ave. F and 11th St.

A drain pipe will be placed at Ave. Q and 30th St. as soon as the pipe is secured and work can be started.

Hondo City Taxes Payable June 1

City taxes for residents of Hondo are due and payable June 1, according to O. L. Moss, city secretary, who says that statements for amounts due will soon be in the mail.

Payments not made by Aug. 31 become delinquent and an 8 per cent penalty is added on after that time. Interest on overdue accounts is 6 per cent figured on a monthly basis breakdown.

Broom Corn Shipments Come Cheap

Broom corn shipments from the Southwest to the Southeast will have lower railroad rates after July 1, according to the "Broom and Broom Corn News."

This is the first time in the history of broom corn that this crop has been accorded a rate of its own. John L. Deming, chairman of the freight rate committee of the National Broom Manufacturers Association and Allied Industries Association, says it will save on the average, \$150 per car. He also said the railroads that have agreed new rates because "they were just and reasonable."

The rate from Springfield, Colo., is now \$46.40 a ton for shipments to Atlanta, Ga. It will be \$36.40 a ton on the new rates. On July 1, the rate on broom corn shipped from Beeville to Miami, Fla., will be reduced to \$39.40 a ton from the present rate of \$50.80 a ton.

July 1 is usually the time for early Texas crops to come on the market. About 95 per cent of the nation's broom corn is produced in Oklahoma, Texas, New Mexico, Colorado and Kansas.

Hondo FFA Completes Welcome Sign

Hondo's FFA Chapter completed their roadside "Welcome" monument on Highway 90 last Thursday. The cement structure was built by vocational agriculture III boys.

Roadside monuments are being built by FFA Chapters all over Texas to inform visitors that there is an active FFA Chapter in that town.

Mrs. Robert Koch donated cement for the project and the Hondo Garden Club granted permission for the site. Frank Tate painted the word "Chapter" on the sign, and many others gave advice.

Six vocational agriculture boys were awarded a "certificate of merit on concrete work" for their help on the project. They were Wayne Balzen, Richard Moos, John Batot, Henry Balzen, Clyde Bohmfalk and Robert Wurzbach.

Devine's FFA Chapter has also completed their monument.

John McAnelly, advisor, did most of the work. Materials were donated.

Drive with care... everywhere!

New Chevrolet station wagons have Body by Fisher, of course. Above, the Bel Air 4-door Townsman.

They're eager-beaver beauties... these Chevrolet wagons!

Talk about hard-working wagons! Chevrolet offers you the handsomest line-up of all. Whether you hanker for a wagon for do-it-yourself projects, to tote outdoor gear, or as an all-round family car—here are eager beavers to see. There are two-door and four-door models, with six- or nine-passenger capacities. They convert in a flash to take up to half a ton of cargo. The tailgate opens first, so there are

lots of loads you can slip in without having to open the topgate. Being Chevrolets, they have the performance, too; up to 245* V8 horsepower that's frisky, smooth and quiet. The one you choose will be a joy to handle with its steady way of going, its easier steering and alert response. See your wagon at your Chevrolet dealer's soon!

Gravity meter is used to detect differences in gravity readings as signs of abnormal formations deep in the earth.

Exploration crew sets off seismic explosion. Shock waves reflected by subsurface strata are measured and recorded.

The resulting seismograms are studied by geophysicists who prepare maps depicting subsurface structures.

Geologist studies aerial photos in search of surface abnormalities which may indicate subsurface structures containing gas or oil.

THE SEARCH FOR NATURAL GAS ...is important to you!

Growing demand for natural gas requires a constant search for new reserves to assure you a dependable supply in the years to come. Long before drilling begins, a mass of geophysical and geological data must be assembled and studied to locate possible sources of gas or oil. It's a long and costly process, but vital to finding reserves to meet your future needs. United Gas is taking an active part in this effort in order to keep ahead of the natural gas requirements of the Gulf South.

Hospital Situation, Area Should

TAKE CARE OF ITS OWN NEEDS

By JERRY JUNE BERGER

Small cities and metropolitan areas are concerned with the hospital situation nowadays. The population is growing now than it ever has been and more people, proportionately, are using hospitals than ever before. The country doctor who travels from house to house, treating a cold, dressing a wound, or treating an earache, is a thing of the past. This came about as a matter of necessity when the number of doctors per thousand population became fewer and fewer, and the advantages in that an out-patient hospital is far more capable of caring for the ill or injured than the average home. San Antonio is having a concerted campaign for more hospital beds at the present time, and Dallas, also suffering from growing pains, is reaching a critical stage with its hospital bed shortage. In a recent editorial, the Dallas Morning News had this to say: "Some day you may have a heart attack or wake up with an acute pain in your appendix. Or you may fall and break a leg. In that event, how would you like to learn that all the Dallas hospitals are full—that if you put your name on a waiting list, there may be a chance for you in a week or two? That may happen unless the serious shortage of hospital beds is remedied soon. Dallas has good hospitals,

but the number of their beds, with reference to the people to be served, is far below the national average. As more people move to Dallas, this shortage becomes more critical.

The building of Parkland Memorial Hospital did not take up much of this lag. Now the private hospitals are taking steps to enlarge their facilities. Dallas Methodist Hospital made a financial drive last year. Baylor University Hospital is launching one now. The turns of other hospitals will come later.

"Baylor needs \$2.5 million for a new building and equipment. That is essential if it is to do its part in bringing Dallas hospital facilities up to the present need."

This concludes their comments on the subject. We hope that you don't "have a heart attack or wake up with an acute pain in your appendix" but if you do it isn't entirely impossible that you would not find a vacant hospital bed right here in Medina County in a few short years. The population of our county has increased by about one-third during the past ten years, yet no new hospital beds are being added. And if we sit back and think we can run into San Antonio and get accommodations just any old time, we're sadly mistaken. Bexar County is going to take care of its own. So should we take care of our own.

BETTER TO THE EDITOR

Mr. Editor: I urge all to write their letters, if they have any, to the editor about his Hold-up.

Against Eisenhower's robbery Budget, that do not give him the right to take the money out of the pockets of the people, and no gripe about it.

Representatives appreciate your views, as it is you are taking an interest in your Government, they will be pleased to hear from you to complement the same and say and do.

Very truly,

White M. Hazel.

A JUST REVISION

Basic Right Upheld

Indiana recently became the 18th state to uphold a citizen's freedom — through a "Right-to-Work" law—to join or not to join a union, as he sees fit, in order to get or to hold a job.

Thus the march of the states to assert and uphold a basic American freedom continues.

Alabama, Arkansas, Florida, Georgia, Mississippi, North Carolina, South Carolina, Tennessee, Texas and Virginia are among those which have such laws. Writing in the magazine Farm and Ranch, Tom Anderson recently asserted:

"Right-to-Work laws are of vital concern to the South and to Southern farmers. Both American Farm Bureau Federation and National Grange favor Right-to-Work laws.

"Right-to-Work laws are good for the South. Right-to-Work laws are good for farmers. Right-to-Work laws are good."

POLITEST — Miss Cornelia Murrill, legislative chairman of the Hondo Business and Professional Women's Club, sponsoring organization of the award, presenting the award is Marguerite Koch receives a corsage designating her as the "Politest Person of the Month" in Hondo. Presenting the award is Marguerite Koch.

KILGORE'S CAPITOL COMMENT

By Joe Kilgore

THE FIRST appropriations bill in the 1958 budget to reach the President was finally passed by both houses of the Congress this week and the fact that the cuts were maintained is important. The Senate's action on the next bill is even more significant. On the State and Justice Departments bill the Senate reduced the funds even further than the House and then insisted on its amendments being sustained. The President had requested \$665,649,802 for these Departments and action of the two houses of the Congress cut it to \$563,085,293, a reduction of slightly more than 15 per cent. The bill now goes to a Senate-House conference committee in an effort to iron out the differences of opinion of the two houses.

MEANWHILE the House this week passed the appropriations bill for the Department of Agriculture, but not before more than \$272 million were chopped off. By a record vote of 192 to 187, the House voted to lop off an additional \$500 million earmarked in the bill for the Acreage Reserve program for 1958. The bill as it goes to the Senate reduces next year's budget by the \$272 million and reduces spending authority by \$500 million which would be appropriated in the following year's budget.

THIS ACTION does not affect the Conservation Reserve program. Arguments made in the House in support of removing the appropriation for the Acreage Reserve were many. It was stated that the Acreage Reserve program had not operated to effectively reduce surpluses; that to the extent to which it had been successful in reducing production on the basic commodities of corn, wheat, cotton, rice, tobacco and peanuts, the cost of so doing had been excessive. It was also pointed out that when a producer is paid not to produce, the effect on the business of the community is serious. There is a general reduction in the level of all local business activity. When there is that much criticism of the effectiveness of a program costing \$500 million then the only thing to do is to take the \$500 million out of the bill and re-examine the entire Acreage Reserve part of the Soil Bank. This we did and I voted for the amendment to remove it.

THE RADAR network stretching across South Texas was a step nearer completion this week when a \$32,841 contract was awarded to a Harlingen concern for construction of the unmanned gap-filler station at Delmita. Construction probably will be started about the time you read this. Meanwhile, the Corps of Engineers reported that work is nearing completion on the radar stations at Zapata, 79 per cent completed, and Eagle Pass, which is 82 per cent completed.

HIGHLIGHTS and SIDELIGHTS

AUSTIN, Tex. — Laws are fine so long as they have no teeth in them.

Apparently that's the feeling of 74 members of the Texas House of Representatives.

At least that's the way they voted as they came down the home stretch to final adjournment.

House members had their best opportunity to express their opinions about putting teeth in Texas laws when Senate Bill 55 by Sen. Preston Smith came up for House consideration.

Previously it had passed the Senate with flying colors; it was given a "do pass" recommendation by the House State Affairs Committee; and it carried Gov. Price Daniel's endorsement.

SB-55 pertained to publication laws. But only to laws already on the statute books. Specifically only those laws ignored by those public officials who dislike to report their activities to the home folks.

No new public notices were called for in the bill. All SB-55 did was strengthen existing laws. It merely pin-pointed WHO was responsible for printing public notices....so that the people might be informed.

Present laws provide that any public official who flatly refuses to follow the requirements of existing laws shall be subject to a fine or removal from office. That's already on the statute books. But Texas laws fail to designate specifically WHO is responsible.

The new bill was even more considerate than existing laws...for it even allowed for delays due to oversights or plain carelessness.

Actually SB-55 applied only to those public officials who intentionally violated the law. It required numerous "warnings". It would therefore affect only those public officials whose attitude was "The public be damned. I'll spend their money as I please. I'll tell the people only what I want them to know."

SB-55 was one of the BETTER GOVERNMENT bills proposed by the Texas Press Association. House sponsor was Rep. John R. Lee of Kermit, Texas.

The vote was 74 against and 56 for the bill.

We think the public is entitled to know the names of those who voted in their interest.

Although in the minority these Representatives fought to open public records to public view. They made a sincere effort to tighten Texas laws against further secrecy in governmental operations.

Here are the staunch advocates of Freedom of Information in the Texas House of Representatives:

Louis H. Anderson of Midland; L. L. Armor of Sweetwater; Robert W. Baker of Houston; Charles L. Ballman of Borger; Raymond A. Bartram of New Braunfels; A. J. Bishop Jr. of Winters; H. J. (Doc) Blanchard of Lubbock; Robert L. Bowers Jr. of Brownfield; Obie Bristow of Big Spring; Joe Burkett Jr. of Kerrville; Joe N. Chapman of Sulphur Springs; Criss Cole of Houston; Carl C. Conley of Raymondville; R. H. Cory of Victoria; J. C. (Jimmy) Day of Brookshire; Eligio De la Garza II of Mission; Virginia Duff of Ferris.

Also Wilson Foreman of Austin; W. W. Glass of Jacksonville; L. DeWitt Hale of Corpus Christi; Bill Hollowell of Grand Saline; Edgar Hutchins Jr. of Greenville; Obie Jones of Austin;

Also Tony Koriath of Sherman; John R. Lee of Kermit; George W. McCoppin of Texarkana; Grainger W. McIlhenny of Wheeler; Frank E. Mann of Houston; Carlton Moore Sr. of Houston; Jim Moore of Arlington; Bob Mullen of Alice; Menton J. Murray of Harlingen; Ted W. Myatt of Cleburne; W. T. Oliver of Port Neches; Robert R. Patterson of Snyder; Maurice S. Pipkin of Brownsville; Joe R. Pool of Dallas; Paul Pressler of Houston; Herman V. Puckett of Quitman; V. L. Ramsey of Beckville; Jack Richardson of Uvalde; Wesley Roberts of La Mesa; Charles Sandahl Jr. of Austin; Leroy Saul of Kress; O. H. Schram of Taylor.

Also Tommy Shannon of Fort Worth; Hershel C. Sherill of McAdams; Richard C. Slack of Pecos; Max C. Smith of San Marcos; Wade F. Spillman of McAllen; Ted B. Springer of Amarillo; Richard C. White of El Paso; Joe Ed Winfree of Houston; W. N. (Bill) Woolsey of Corpus Christi; and J. C. (Zeke) Zbrank of Daisetta. Rep. Glenn Kothmann of San Antonio, said he was going to change his vote in favor of the bill.

55th MILESTONES

These measures won out in the waning days of the session:

General Appropriations: An all-time high budget of \$2,090,000,000 for the next two years was approved. It included a salary raises for state employees.

Teacher Pay: Both the House and the Senate approved measures to raise teachers' salaries.

Higher Pensions: Both houses okayed a proposed constitutional amendment upping the amount the state can spend on public welfare each year — to \$47,000,000. If approved by the voters it will bring a \$10 monthly increase in the old folks' checks.

Congressional Redistricting: In a redistricting bill the legislators abolished the Congressman-at-Large post now occupied by Martin Dies and gave Harris County (Houston) a second congressman. They also juggled around eight other districts and divided Harris County into two districts.

Urban Renewal: Approved was a slum-clearance bill which would allow cities to condemn blighted areas for redevelopment by private enterprise.

Teen-Age Drivers: Two bills affecting the hot-rod crowd were given final okay. One makes girls under 18 and boys under 17 responsible for traffic violations. Other gives the Department of Public Safety the say-so as to whether youngsters under 16 can have drivers licenses. Previously, county judges had the authority. Another bill, governed destruction of property by minors. It would make parents responsible, up to \$300.

55th GRAVESTONES

Apparently dead for this session are these issues:

Law Enforcement Commission: Governor Daniel's plan for a "super grand jury" for investigating crime and official misconduct.

Reform Bills: (1) Prohibiting lawmakers from appearing before state boards for a fee; and (2) eliminating the automatic delay of lawsuits when a legislator is hired as an attorney.

Four-Year Colleges: Making senior colleges of Arlington State College at Arlington, Texas; Midwestern at Wichita Falls; and John Tarleton at Stephenville.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health, HENRY A. HOLLE, M.D., Commissioner

AUSTIN — This can be said without reservation: we'll have more insects to fight this year than ever before, especially flies and mosquitoes. The reason is the unprecedented seige of wet weather most of the state is going through this spring.

Mosquitoes breed in standing water — whether in a Gulf Coast marsh, a West Texas stock tank, or a tin can or old tire in the back yard. They harbor in damp vegetation and undergrowth like we have so much of this year. As for flies, they'll be breeding in the garbage of washed-out sanitary landfills, and in sewer lines broken or overflowed by floods. And conditions are equally favorable for most other insect species.

Insects have troubled man ever since he has been on earth. They have bitten and stung him. They have destroyed his food, his clothes, his home. They have carried germs that brought him horrible death. In all, entomologists can identify some 10,000 insect "public enemies" that do \$4 billion in damage annually.

Let's realize, though, that some insects are not harmful, and others actually do valuable chores for man. Various species of beetles feed on harmful insects, and some caterpillars eat weeds. And other insects, like the honey bee, pollinate crops. Nevertheless, with all his scientific knowledge, it is only by constant effort that man is able to hold his own against insects.

Consider just a single crop — wheat. Each year insects destroy in stored wheat the equivalent of 2 billion loaves of bread, enough to supply every person in the United States for seven weeks. Or consider just a single disease — encephalitis, spread by mosquitoes. At least 500 cases occurred in the Plainview area last summer. Many of the victims died.

But let's be fair about it. Insects got here first. They've been on this earth for at least 250 million years, 250 times longer than man. And in all that time, they have remained relatively unchanged. The roach, for example, looks just about as he did 250 million years ago.

Mechler Promoted

Gordon Mechler, son of M&M M. L. Mechler, who has been stationed at El Toro Marine Air Base in California, was promoted to Corporal recently.

Anvil Herald, Hondo, Texas 4 Friday, May 24, 1957

Land Sale Increase Expected

AUSTIN — The rain that has fallen over most of Texas recently will probably increase interest in the Veterans' Land Board sale of forfeited land on June 6, Land Commissioner Earl Rudder said today.

Commissioner Rudder also reminded veterans that time in which they may submit bids is drawing short. Bidding in the sale closes at 10 a.m. on June 6.

Land is being offered in Lamar, Red River, Hopkins, Rusk, Erath, Comanche, Brown, Hamilton, Coryell, Lampasas, McCulloch, Williamson, Bastrop, Bexar, Medina, Karnes, Frio, Zavalla, Maverick, Dimmit, Hidalgo, Cameron, Presidio, Culberson and Oldham Counties.

Bid forms for the sale may be obtained from the Veterans' Land Board in Austin, Commissioner Rudder said.

by Carroll Davis, Manager

TELEPHONE TALK

WHY NOT PERSONALIZE IT? "Telephone service is telephone service," a friend of mine said the other day. "What's so different about it now than before?"

I was glad he asked me. It gave me a chance to bring him up to date about complete, convenient telephone planning.

"Look at it this way," I said. "A Model-T will still get you from here to there. But you wouldn't want one for your family car. You have the latest model. And before you bought it, you looked over all the models, styles, special features — even colors — and picked out the one that suited you best."

"And it's the same way with phone service these days. You can select a telephone arrangement that exactly fits your own needs."

Here's what I meant: Enough telephones so you don't have to run to answer (or walk halfway through the house to make a call).

Telephones in color in bedrooms and kitchen to harmonize or contrast with your room decorations.

Phone book listings for everyone in the house. And maybe a second main line for teen-agers.

And extra bells or signal lamps if necessary, so nobody misses important incoming calls.

We're always happy to help plan a personalized home telephone arrangement. Lots of Hon-

do people already are taking advantage of the many low "extra" services we offer.

For more details, why not the telephone business office today? The number is HA 2-1111.

MONEY SAVING IDEAS The idea of making long distance calls station-to-station instead of person-to-person is catching on more and more. Makes sense, too.

"Station" rates are about third lower. You can make three out-of-town calls the price of two.

Here's an example. Three station-to-station calls from Corpus Christi cost only 3 minutes, after 6 p.m., days or all day Sunday, person-to-person calls cost \$2.40.

Businessmen have known economy of station-to-station for a long time. May to make all their calls the

READY WHEN YOU NEED IT There's a special value telephone service that comes to mind when you time rolls around.

No matter how far away vacation takes you, it's easy to phone home and sure everything's okay. stop at a road-side booth call ahead for hotel or motel reservations.

No matter where you telephone is always ready when you need it.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

Mrs. Alex Tschirhart visited M&M Albert Tschirhart Monday.

Leroy Stein was brief visitor in the Oscar Tschirhart home Tuesday evening.

Leslie Tschirhart attended a FF Convention at San Marcos Saturday. He is the vice-president of his area.

M&M Louis Stein and M&M Horace Foulds and children were visitors in the Oscar Tschirhart home Sunday evening.

M&M Glenn Haass are the proud parents of a baby boy. Mrs. Albert Tschirhart spent Sunday afternoon with Mrs. Pauline Tondre at Castroville.

Lois and Carolyn Tschirhart were among those who enjoyed a school picnic at Landa Park Saturday.

Mrs. Louis Stein visited her neice, Mrs. L. P. Franke and baby, at Castroville Friday.

M&M Helmer Bendele and children of San Antonio, M&M Edson Oefinger and children of Quhi, and M&M Alex Tschirhart Jr. of San Antonio, all visited in the Alex Tschirhart home Sunday.

M&M Albert Tschirhart, M&M Roy Tschirhart and family and Mrs. Alex Tschirhart all visited in the Louis Stein home Thursday evening.

Leroy Stein visited C. E. De Witt at the Castroville Clinic Friday.

Albert Tschirhart was a La Coste visitor Friday.

Here in Hondo

After spending four and one-half months with her mother, Mrs. Gertrude Zerr here in Hondo, Mrs. John Foley Jr. and two children, Mark and Deborah Ann, left Friday by plane from San Antonio to join her husband in Van Nuys, Calif., where he has accepted a position as engineer with an air craft company. Mr. Foley was recently released from the service after serving five years.

fletcher davis

PRESENTS HERewith A BRIEF RECITAL
OF SOME LOCAL HISTORY

A friend who asks to remain anonymous writes the Columnist a brief but comprehensive review of some local history, which he gladly reproduces here:

My dear Friend, Brother Davis:

I read your stories of long ago History. We have so little of it to preserve for posterity. Medina County has a unique history. It was organized in 1848. Courts were established and county officials appointed to handle the legal affairs of the county. The first church (Roman) was organized at Castroville immediately after the settlers became established. D'Hanis came about a year later. The Lutherans followed closely by erecting a church at Castroville, and at Quhi in 1852. After the influx of German settlers, a missionary minister, J. A. Schaper, organized the first German Methodist Church at New Fountain.

The first public school was organized in 1856 at Castroville with Professor Briggs as teacher. Sister Andrews taught a private school prior to that.

The first mill was built at Castroville. Mr. Courand dammed the river, built a millrace and operated the first mill with water power. This mill operated till the beginning of the 20th century. Later Capt. Metzger built a mill at New Fountain. The Muennink brothers, George and John, built the first cotton gin early in the eighties. It turned out 8 bales a day. The laborers worked for \$1.00 a day. Cotton became the staple crop. The cotton seed was hauled away — Useless!

Quhi even had a Post Office with Louis Boehle post master. He had giant hollow Live Oak in his front yard in which he kept the mail. The mail route was weekly by stage between San Antonio and Fort Lincoln (north of D'Hanis) and Ft. Clark.

The first molasses mill in the county was built by Mimke Saathoff, made entirely of Oak timbers. The three rollers were about 20 inches in diameter and 2½ feet in height. During the producing period the mill worked a day and night. The people came many miles with their cane to make the best grade of molasses to be produced. On the market, as at the mill it sold

for 25 cents a gallon. It is today the vitamin "King". Try it!

Also in 1881, when the S.P.R.R. wended its way to the west coast, Mr. Saathoff watched the railroad builders in moving the dirt to make fills and cuts. He conceived the idea of making a ground tank (reservoir) and impound water for the dry season. A dam was built between two hills. When completed and the tank filled it covered over 25 acres. The tank is still furnishing water for the farm. Water conservation means to build reservoirs. Many reservoirs are found throughout the state. We need more and larger ones. Don't let U. S. build deep puddles.

One of the first doctors in Castroville was Dr. Hoffmann and one of the first in Hondo was Dr. Mauer. He came to Hondo about 72 years ago.

Lets review "the first" and publish it for posterity.

FD

Quhi LYO Plans

Picnic June 23

The Quhi LYO laid plans for a picnic at Garner State Park on June 23 at a meeting held May 8. Fourteen members were present for the meeting and social hour.

Kenneth Nietenhoefer called the meeting to order and Rev. Durkop opened with a prayer. Topic for the evening was "Faith Healing," and was read by several members and then discussed by Rev. Durkop.

Nietenhoefer appointed necessary committees for the picnic and the meeting was adjourned. Refreshments were served by Henry and Gary Balzen. Volleyball and other entertainment followed.

Did you know...

R comes from the sign of
Jupiter, who brought
good luck to the sick.

It's been used on prescriptions
for more than 6,000 years. It's
really an R, taken from the
Latin word "Recipe", meaning
"thou take..." followed by the
ingredients to be compounded.

Today, **R** is the
modern college-trained
pharmacist's proud symbol of
the high standards of professional
skill, accuracy and safety you
know and trust. We at ()
honor this tradition in our
dedication to your community's
health. We are never more than a
few steps or a phone call away from
your home, always ready to
provide you with the drugs you
need, when you want them.

When you patronize this pharmacy,
you get the personal attention and
prompt service so essential in
times of illness for all your
prescriptions, your drug needs, and
the many other items so important
to the well-being of your family.

OTHER MEDINA COUNTY GRADUATES WILL APPEAR IN NEXT WEEK'S PAPER

HERE IN HONDO

Guests of M&M Frank Ward and Ralph last Monday and Tuesday were Mrs. C. L. Bohmfalk, Norco, Calif., and her sister, Mrs. Etta Kising, from Cantril, Iowa. Other guests for dinner Tuesday were Mrs. Amanda Ward and M&M Fritz Bohmfalk, who took Mrs. C. L. Bohmfalk and Mrs. Kising to Kerrville Tuesday afternoon to be with Mrs. Kising's daughter, who lives there. From Kerrville,

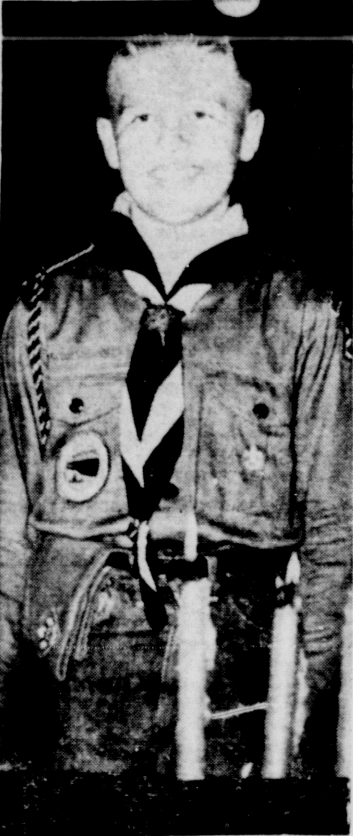

M&M Tommy Haines and two sons were Mothers Day weekend guests of her parents, M&M Ben Graff.

SPECIAL HONORS — Ivan Stracener, John R. Schuehle, Ricky Jones and Dick Proctor, top row left to right, received awards during the Scout promotion ceremonies at St. John's Catholic Church May 14. Their

awards were Stracener, cycling and wood carving merit badges; Schuehle, Star Scout, first aid, cooking and art merit badges; Jones, Star Scout, first aid, home repairs and cycling merit badges; and Proctor, Star Scout,

first aid, wood carving and home repairs merit badges. From left to right, bottom row, John Schoellman received his first aid and art merit badges; Rodney Freeman was awarded the rank of Star Scout and first aid, art and home repairs merit badges.

—Staff Photo

FIRST CLASS — Ronnie Taylor received his First Class rating during Troop 219 activities Tuesday night, May 14. The troop is at St. John's Catholic Church, Hondo.

Champ Squeezed Out At Del Rio

Ernest Valenzuela, recent winner of the Hondo VFW marble tournament, placed second in the district competition at Del Rio Sunday, losing by a slim margin to Lino Barrella, city champ of Del Rio. Barrella will represent District II VFW in the state tourney at Austin June 8.

Hondo VFW members attending the marble tourney and the District II encampment were C. W. Johnson, post commander, and Lloyd Hermes, Howard Haby, Hy Martin Finger, Harry Mueller Jr. and Clarence Haass.

Elected to district office posts were Haby, who was named junior vice commander; Johnson, quartermaster; Haass, district judge advocate.

Hondo delegates escorted their marble contender to nearby Villa Acuna, Mex., for lunch and to pick up a gift for his mother.

Here In Hondo

M&M Leroy Lehmborg of San Antonio, visited M&M Arthur Brucks and her father, John Brucks who lives with them, last weekend. Sunday dinner guests were M&M Glen Smith and daughter Karen, also of San Antonio.

Wayne Robert Westbrook was baptized Sunday, May 19, at St. John's Catholic Church, Rev. H. J. Ehlinger officiating.

Wayne is the new son of M&M Damon Westbrook. A buffet supper followed for the God-parents and families. Present were M&M Fred Hartmann and daughter, San Antonio; Mrs. Mary Cartwright and Pat Boerne; Harvey and Carol Cartwright, San Antonio.

Mrs. Joe Wanack and daughters Gail and Janice spent Saturday and Sunday with her mother, Mrs. Gertrude Zerr. Mr. Wanack joined them Sunday for a day's visit.

M&M F. L. Davis, formerly of Hondo, were here from San Marcos visiting friends Sunday. They like San Marcos very much.

Hondo Youth In Honor Society

AUSTIN (Spl) — John Dixon Allen, University of Texas junior pre-medical student from Hondo, is a new member of Alpha Epsilon Delta, national honorary pre-medical society.

Allen is the son of Mr. and Mrs. W. C. Allen, Jr., 105 Cedar.

6 Anvil Herald, Hondo, Texas Friday, May 24, 1957

Here in Hondo

E. A. Bende, V. P. King and O. C. Bristow returned Sunday from an eight-day trip through Oklahoma, Arkansas, Missouri and Kansas. On their return they came back through Lampasas and say that the destruction from their recent flood is almost unbelievable until you see it.

M&M Jean Cornelison of San Angelo, spent the weekend with the Rev. and Mrs. Harold Cornelison and children.

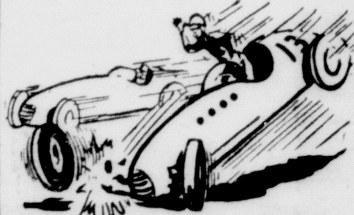

MARY PAULINE SCHIFFERS

Funeral services for little Mary Pauline Schiffrers, daughter of Mr. and Mrs. Albert Schiffrers of Hondo, were held Saturday morning, May 11, 1957, from Horger Funeral Home.

Mary had been ill since February and her passing on May 9, followed hip surgery in a San Antonio hospital. Born on Dec. 7, 1952, she had reached the age of four years, five months.

In addition to her parents, the child is survived by two brothers, Al Tom and Bill. Father Harold Ehlinger of St. John's Catholic Church conducted the services and uncles of Mary served as pallbearers. They were Bob Tom, Joe Tom, Chris Schiffrers and Henry Schiffrers.

Homeowning Can Be Hazardous Too!

The racing car driver knows the hazards of his profession because his life depends on it.

But too often the homeowner may not be fully aware of the hazards he faces—an overloaded circuit, a careless match, or a spark from a neighbor's burning trash, could leave his home in ruins.

A tornado or explosion could wipe out his home and property.

Put your mind at ease today. Call an expert who knows ALL the hazards of homeowning. Call your local Capital Stock agent for a thorough analysis of your property insurance needs.

Tigers Take Win From Castroville

The Flying Tigers of San Antonio took a 4-1 baseball game from the Castroville Tomahawks Sunday, May 12.

The Tigers scored their run in the first inning on a throwing error by Pete Aguirre. Tomahawk centerfielder, Joe Hernandez, who went the route, pitched eight hitless innings and struck out 15 batters.

In the top of the ninth, the Tigers put together a double, two singles, a walk and a Tomahawk error to score three runs as they sewed up the ball game. The Tomahawks scored their lone run in the second inning as Hernandez got the only Tomahawk RBI with a single to centerfield. Gaudette started for the Tigers but gave way to Garcia in the eighth. Hernandez was the losing pitcher and Garcia the winner.

D'Hanis Sweeps First Place Spots

In the most emphatic manner of the school year, D'Hanis swept six first place trophies last Friday to hog all honors in the District Softball meet held at D'Hanis. In scoring six out of six first places, D'Hanis also decisively won the trophy for the best all around school. Points were awarded in track, literary events, volleyball and softball.

In the most thrilling game of the tournament, coach Bernard Gerhardt's senior boys team won a marathon 17 inning championship game from LaCoste. The game had everything from a rhubarb to a last minute rally and another that barely missed for LaCoste. D'Hanis, sparked by its power hitting third baseman Gilbert Gallegos, and the sensational pitching of ace George Tovar, held off the visitors from LaCoste in extra innings then scored four big runs in the 17.

The game wasn't over yet as LaCoste scored two runs and then with two outs loaded the

bases before making the final out.

D'Hanis came up with some daring base running by Othell Batto and Joe Langfeld in the 17th, that had the fans on their feet. Blackie Garcia came through with a clutch single in the late innings to keep the rally going. Particularly outstanding was the playing of defensive catcher Harold Lutz who came in after seven innings. Gilbert Rodriguez turned in the outstanding catch of the day in short right field, while Joe Gonzales also did his part of the outfield work.

In the senior girls division D'Hanis defeated Castroville and then LaCoste for the championship. The girls were almost flawless in the field and almost as potent at the plate. Joan Carle pitched superbly in allowing only two runs in two games. Jenalee Lutz, Ann Langfeld, B. Wynan, Mary Rodriguez, Joan Reiber, Judy Zerr and Linda Nester looked exceptionally good. Also surprising by starting and playing errorless ball, were Emilia Beth Nester, Carol Finger and Marilyn Finger.

Junior High

Another thriller was the Junior High School division game between D'Hanis and Knippa. Big hitters for the red hot Junior High team of D'Hanis were John Wolfe (winning pitcher), David Finger, Junior Tovar, and Pat Ney. Charles Edmonson, Jimmy Busby, and Tommy Ney sparked in the field. Pat Ney was also outstanding from his shortstop position, playing errorless ball. D'Hanis won the ball game by an 11-5 score.

In the elementary school boys championship game, V. M. Schultz's fast fielding boys won a nine inning encounter from LaCoste as Leo Ortega smashed a homerun in the last of the ninth inning to win the game. Henry Santos pitched a real good game and Domingo Aguinaga looked good behind the plate.

In the girls elementary championship game, it took another last inning burst to overcome a one run lead in the last inning to win by one run. Rita Batto was the big hitter with a long home run. Ellen Langfeld, Virginia Schultz, Sue Finger, Anne Fohn, Audie Ney and Carol Nester all played well for Mrs. Jeanice Zinsmeyer's girls team.

Carolyn Carle and Josie Lopez looked good in the field.

In the sports and academic events, D'Hanis scored 237 points. Nearest team came from Knippa with 195 points. Others were LaCoste, 90; Castroville, 30; and Sabinal, 25. The league meet was for District 99-B.

Hondo Featured On TV

Hondo viewers had a chance just recently to see how their town lived back in 1868.

Yes, Hondo and Medina County were the setting used in a recent teleplay "The Zane Grey Theatre", produced by Dick Powell.

The time was four years after the Civil War. One of the Gracy sons, Tom, had forsaken the South to fight with the blue-boys, and had settled down to practice law in Kansas.

He returned at his sister's request to help straighten out an old family feud that flared up over a cattle-brand running incident.

The Yancey Hattons and the Tom Gracys were not only feuding; the Gracys were split North-South. There was love, fight between father and son, a wing, and even a "High Noon" gun battle scene.

Though set in 1868, the names dropped read almost like an issue of the Anvil Herald, and the street scene looked like D'Hanis' main street at the turn of the century.

All in all, it was a fine show, packed with action and local interest.

St. Ann's Will Hold Mass May 30

St. Ann's Society, Castroville, will hold Mass for the intentions of the Mother of the Year and her family, Ascension Thursday, May 30, at 9 a.m. All members of the organization are urged to be present.

Mother of the Year is Mrs. Rosa Biediger.

Rev. Leo Goertz opened a May 9th meeting of the group with a prayer and members having birthdays during the month of May were honored.

Refreshments of cookies and punch were served by the hostess.

The next meeting will be June 6 at 8 p.m. and hostesses will be Miss Olga Conrad and Mesdames Frank Conrad, Ward Boehme, Charles Boehme, Alex Tschirhart, Ray James Tschirhart, San Tschirhart and J. D. Schweers.

LaCoste News

By Mrs. Ida Jungman

M&M Wesley Hutzler, Gary and Peggy of here, were in Hondo Saturday morning for the Wegenroth-Steigler wedding and reception.

Mrs. Della Hitzfelder of San Antonio is visiting with her daughter and family here.

M&M Max Lamin of San Antonio, M&M Oscar Kaufman and Mrs. Mary Jungman of here, were Sunday visitors with Mrs. Mary Gross.

Willie Neuman, of here, spent several days fishing at Medina Lake last week.

M&M Harvey Haby and sons, of San Antonio, visited here Sunday evening with M&M Wesley Hutzler, Peggy and Gary.

M&M Alex E. Jungman Sr. of here, spent several days in Corpus Christi with their son, Leonard Jungman and in Kingsville with M&M Bernard Jungman and family, returning home Sunday.

M&M Randy Schott and baby of Devine, spent the weekend here in the Louis Salzman home.

M&M Sylvan Stein and children of Rio Medina, visited here with Mrs. Mary Jungman, Wednesday.

YANCEY NEWS

By Mrs. Harrison Wilson

More rain fell in this area Saturday morning. We had 2.70. Northwest of us, the Lucian Wards had four inches. We have measured 6.10 inches here at our place since last Monday morning.

Mrs. E. E. Wilson and Mrs. Lucian Ward attended the graduating exercises in Devine Friday night. The Ward's daughter, Peggy, was among the graduates.

Mrs. L. F. Faselier spent last week in San Antonio with M&M Harry Meadows and family. The Meadows brought her home Saturday evening, spending the night and Sunday with her.

Guests of the Harrison Wilsons Sunday afternoon were the Weldon Atkins of Devine.

Guests of M&M Willie Faselier from Monday to Thursday were M&M Louis Bohmfalk of Hondo. Other guests on Monday were Mrs. Alfred Brucks, Mrs. Ernest Hartman and Mrs. John Britsch, also of Hondo. Those present for the day Thursday were her daughters, Mrs. Alfred Boggus, Mrs. George Heilgman, Mrs. Aubrey Evans and Mrs. Alfred Wiemers.

Guests of M&M S. O. Childress last week were Mrs. Amanda Ward of Hondo, M&M Vernon Ward of Warren, Arizona, M&M Buford Wilson, M&M W. B. Melton and M&M A. J. Hardt.

M&M S. P. Childress spent Sunday with the W. B. Meltons.

OLDSMOBILE

GEARED TO SOUTHWESTERN LIVING

GOLDEN ROCKET 88 HOLIDAY SEDAN

"I like those extras
you get in an Olds!"

ME: You mean the advanced styling, I suppose.
The Accent Stripe and . . .

SHE: Oh, there's more to it than that. For
example, the "park" position on the
Hydra-Matic Drive makes it safer and
easier to start, even on hills.

ME: Well, Olds has a reputation for attention to
details. That's one reason the value lasts.

SHE: You can tell that someone took a lot of
patience in planning and building it right.
Even the two ash trays are lighted.

ME: I'll bet the Oldsmobile engineers would
love that, but I wonder how they'd feel
about you not mentioning the Rocket
Engine? Now there's a power plant. There's
still nothing quite like a Rocket!

SHE: That's for me too, but I look for lots of
other things—like upholstery . . . and
that glove box. It's big enough for an
umbrella. I wish . . .

ME: Tell you what. Let's stop wishing. Let's go
see our Olds dealer . . . right now!

*Jetaway Hydra-Matic Drive standard on Starfire
98 Series; optional at extra cost on other models.

WANT TO BUY
TRY THE ANVIL HERALD

Doctor Rush wrote it 160 years ago

This is the second of our messages to you about the purposes of the United States Brewers Foundation. Over 160 years ago, Dr. Benjamin Rush, "Father of Temperance", in our nation wrote: "Fermented liquors . . . are . . . when taken in moderate quantity, generally innocent and often have a friendly influence upon health and life."

This "moderate" approach lies behind all the work done by the Foundation. In our work with the men who sell to you, the public, the Self Regulation Program is designed to perform a three-fold service:

1. Impress upon Government agencies the necessity for strict enforcement of reasonable laws and regulations.
2. Impress licensees of our industry with the strict observance of these laws.
3. Provide two-way information between the industry and public and law enforcement officials, members of the press and community leaders on national, state and local conditions to achieve cooperation and assure maximum effectiveness of this project.

How the Self Regulation Program Works:

All branches of the industry are constantly reminded of their responsibility to the public.

Full-time trained field men repeatedly visit establishments to encourage maintenance of high standards or improvements in conditions.

It is the job of the Foundation's field man to step in and counsel with the retailers on the best action to take to correct any improper situation. Our experience shows that such well-intentioned expert advice is usually followed.

Meetings are held with retailers and law enforcement authorities to gain their mutual cooperation.

The United States Brewers Foundation maintains an armed forces program of close cooperation with military authorities to assure decent and wholesome establishments as places of recreation for servicemen in areas adjacent to armed forces installations.

We are proud of our products, beer and ale, and are gratified that they have gained wide recognition as America's beverages of moderation. Beer and ale have won their popularity because the public has recognized that they are, in truth, synonymous with moderation and temperance. We carry on the program of Self Regulation as one important means of continuing this popularity, and, at the same time, furthering our industry's service in the public interest.

In the weeks ahead we shall show you the importance of the Brewing Industry to Texas, and how beer fits into your daily life. For most Texans prefer moderation, and "Beer is the beverage of moderation".

PERSONAL APPEARANCE

By Jerry June Berger
We'll bet you'll be surprised, as we were, to learn that JACK FUSSELMAN, former Medina County sheriff, is 80 years old. We think he could easily pass for 65, except for the fact that he likes to tell his age.
His birthday was the 17th but his family waited until Sunday to celebrate the occasion with a barbecue dinner. Present at the CHARLES TONDRE home were the NEWELL WOOLLS family, the MIKE WARDS of Freer, the R. J. ROBERTSONS of New Braunfels, the E. E. KOLLMANS, the JACK FUSSELMANS, the BUD WOOLLS, the TONDRE family, GEORGE CARLE, DONNA ROHDE and the honored guest and his wife. All but one of his seven children were here for the day. He tells us he has 18 grandchildren and 10 great-grandchildren scattered all over Texas.
We commented that he had big family and he agreed that by today's standards he did, although when his children were younger and playing with the 12 WINDROW kids, the 11 WILSON youngsters and the LOUIS BRUCKS brood it didn't seem quite so big.
MR. JACK has spent 75 of his 80 years here, having come to Hondo in 1882. The youngest of the S. P. FUSSELMAN family, he is the sole survivor.
Joking about his age, this elder citizen reckons he'll be around for at least another 40 years. He says he's heard it said a person has lived half his life when he cuts his wisdom teeth and his came through at age 60.

Miss Smith Initiated As President

LaCoste Future Homemakers Chapter held initiation of officers May 9 in the Homemaking Department of the school.
Officers initiated included Dorothy Smith, president; Dolores Duncan, first vice-president; Ann Reicherzer, second vice-president; Ann Davis, third vice-president; Katherine Mechler, recording secretary; Mary Nell Mechler, corresponding secretary; Deslyn Adams, treasurer; Verdine May Hargroder, parliamentarian; Isabel Saucedo, historian; Jacqueline Riddle, reporter; Mary Lily Rangel, song leader; and Barbara Rihn, photographer.

The executive committee has already started planning a program of work for the coming school year and the group plans to construct a year book this summer, while working toward degrees of achievement.

Deaths

MISS ROSINA BRITSCH
Miss Rosina Britsch, 89, died at the home of Mr. and Mrs. Walter Britsch at 1:45 p. m. May 12, 1957.

Born Sept. 1, 1867 in the Vandenberg Community, Miss Britsch was baptized by Rev. John Wohlschlegel in 1867, and confirmed by Rev. A. Falkenberg April 10, 1881. She remained a faithful member of the church all of her life.
She was the daughter of Gottlieb Britsch and his wife, Catharina Nietenhoefer.
Survivors include one brother, Louis, and many nephews and nieces.

DOMINICK G. REITZER
Dominick G. Reitzer, 84, died May 13, 1957, after being bed-ridden for several years.
Born in the Vandenberg Community Dec. 6, 1872, he was married to Francisca Aden Nov. 3, 1905. They shared the joys and sorrows of life together for 47 years until Dec. 2, 1954, when death parted them.

Reitzer was the son of Ambrosius Reitzer and his wife Otillia Bihl.
Survivors include one brother, Joseph from South Carolina, and one stepson, Henry Aden, Tucson, Ariz.

LEON BATTLE
Leon Battle, 70, died after suffering a heart attack while driving his pickup truck on Highway 81, two miles north of Natalia May 7, 1957. Funeral services were held at 4 p. m. May 8, at the Devine Chapel.
Rev. Cecil Strickland officiated in the last rites.

A retired civil engineer for the City of Dallas, Battle was born Aug. 27, 1886, in Alexander, Texas. He was married to Chloe Shearer in February of 1912.
Battle was a member of the Natalia Baptist Church.

Survivors include, besides his wife, one daughter, Miss Mary Battle, Washington, D. C.; two sons, Joe Marshall of Pasadena, and Foster Lee of Maple Wood, La. One sister, Mrs. Bessie Malley of San Angelo, and one brother, Coke Battle of California, also survive the deceased.
Pallbearers were E. H. Whittington, Don Savage, J. E. Williams, E. D. Shoemaker, H. D. Savage and C. R. Jones.

Settlement News

By Mrs. R. H. Bayer
Mrs. J. M. Horecka and Barbara Ann spent Tuesday afternoon with Mrs. Alfred Boehle and Mrs. Wesley Reitzer.
Mrs. J. D. Schweers visited Sunday afternoon with Mrs. Lina Fuos at Upper Quihi.
Carolyn Bendele spent Friday night and Saturday with M&M Robert Neuman and her brother, Lenwood Bendele.
Mrs. Phillip Haby visited Adolph Biediger and Mrs. Elmer Biediger Monday.
Since last Monday, the Settlement received one-half inch of rain and some rather hard wind Tuesday night, a few scattered showers through the week that did not amount to much and a heavy down pour Saturday morning that amounted to two inches. Had considerable wind along with the rain Saturday morning but no hail. No one reported any damage anywhere in the Settlement.

Hondo Takes Third Game For Title

By George Stewart
Hondo High School finished a three-game series with South San Antonio Monday and captured the bi-district championship of Districts 23 and 24-A.

The Owls previously defeated Southside 10-5. The Cardinals won the first game 6-5.

Next bait for the Owls will be Sealy with the first of a two-out-of-three series scheduled to begin Saturday at 3 p.m. in Sealy. The second game will be played in Hondo, time to be announced later. Hondo wants to play a night game but Sealy doesn't. The third game, if needed, will be a toss-up as to where it will be played and the time. The second game will be played Tuesday.

Starting lineup for the first game with Sealy will probably be Alvin Hartman on the mound, Billy Pottsavich catching, Tommy Schulte on first base, Henry Balzen at second, Curtis Wiemers on third, Joe Urrutia at shortstop, Travis Sorrell in left field, Billy Neuman in center, and Wayne Balzen in right field.

Coach Bob Nations says the above team is batting .312 with individual batting records as follows:

Hartman, .369; Schulte, .357;

Neuman, .342; Urrutia, .311; Wiemers, .309; W. Balzen, .271; Pottsavich, .268; H. Balzen and Sorrell, .257.

Second Game Slide
After losing the first game, Hondo jumped back to grab the second and a tie in the series last Friday against Southside. Thomas Schulte took over mound chores for the Owls, giving up three hits and five runs while giving out 10 free passes to first base.

The Owls managed to get seven hits to produce their 10 runs and also collected four bases on balls from Southside's Gregory Martinez, who was charged with the loss.

Curtis Wiemers took high batting honors for the Owls with two hits in four times at the plate.

The first scoring came in the first inning when Neuman, Schulte and Hartman crossed the plate. Three more runs were added in the second inning with H. Balzen, Pottsavich and Neuman earning the credit. Sorrell scored early in the third and Neuman crossed the plate again in the fourth. Pottsavich and W. Balzen finished Hondo's scoring in the fifth.

Southside's Cardinals opened up an attack in the bottom of the fifth, pushing across five runs, most of them unearned.

Schulte was given credit for the win.

| Hondo | 331 | 120 | X-10 |
| Southside | 000 | 005 | 0-5 |

Bi-District Honors
Hondo battered two Southside pitchers for 12 hits and a 15-2 victory on the Cardinal diamond Monday afternoon to take the bi-district championship of Districts 23 and 24-A.

Hartman was the winning pitcher and also the game's leading batter as he cracked out three for five. Antonio Rocha started for the Cardinals and was relieved in the fourth by Martinez.

Hartman gave up two runs on four hits and three bases on balls. H. Balzen collected two for three trips to the plate and W. Balzen and Urrutia each had two for four.

A triple off the bat of Hartman in the fifth inning, with the bases loaded, added three runs to Hondo's record. Hartman, who was at the plate five times, scored four runs during the game.

POWER . . .

(Continued from Page One)

the main aggressive country is our unfriendly Communist neighbor, the Union of Soviet Socialist Republics, better known to us as Russia.

The United States cannot just sit back and stick to George Washington's policy of isolation. Since we are the strongest nation, we have to take the leading steps toward peace. What does the United States have in order to preserve peace with power? There are the army, air force, navy, marines, national guard, and civil defense just to mention the most important ones. Of course, it is the duty of every person — from the President down to the ditch digger — to help in the struggle for peace. We have the best artillery and mobile units, the fastest jet airplanes, the most economical ships and submarines, and the very best men and trainers to put all of this machinery to work. The most important thing of all is that we have God on our side.

Huge sums of money are appropriated by Congress every year in order to maintain our armed forces. We must stay ahead of all other nations in strength. In my opinion, the United States Air Force is the most important fighting unit. Of course every branch of the service is very important. Not one of them could do without the others. It seems that the word war always creeps in when the subject of maintaining peace is discussed. However we have to expect and prepare for the worst, or we will be in a worse condition than we were at the bombing of Pearl Harbor. The United States will never be an aggressor, but it will always be a strong defender. Let's keep up our guard. Let's keep poised for action. That is power for peace.

Jungman Home From Hospital

J. Frank Jungman, Houston, was recently dismissed from Saint Luke Episcopal Hospital in Houston, after three weeks confinement from a heart-circulatory attack April 29. He will be confined to his home for at least another six weeks.

St. Louis Could Tie For District Title

In a tense pitchers' duel, St. Mary's of Fredericksburg defeated the St. Louis Comets to take over first place in the South Texas Academic League and insure themselves of at least a tie for the championship. Arthur Espino who came on to relieve in the second, gave up only two hits but weakened in the last of the seventh to walk in the winning run.

Both sides showed the effects of tension, particularly the Comets, who allowed the Fredericksburg boys to score by committing two errors in the first inning. Francis Lutz, who started for the Comets, didn't have it and Coach Tschirhart brought in Espino to pitch in the second. Meanwhile, Joe Kaiser kept the Comets from scoring until the sixth when one of his outfielders dropped a ball to allow the tying run to cross the plate. Then in the seventh, Espino couldn't get the important third out before the winning run walked in.

Comets Down St. Gerard's
A well-pitched ball game by Royce Groff and a timely triple by Justin Jungman gave the Comets an important victory over St. Gerard's of San Antonio. The loss knocked the Royal Blues out of the title picture. The Comets need one more victory to tie for first place in the South Texas Academic League.

New Household Formed In Hondo

A Household of the Order of Martha was formed in St. John the Evangelist Parish, Hondo, May 14, at the home of Mrs. Ed J. Ney.

Officers elected were president, Mrs. Ed J. Ney; vice-president, Dr. H. P. Taylor; secretary-treasurer, Mrs. L. F. Laake. The Household consists of 21 charter members, who will meet on the third Tuesday of each month to sew for needy missions. St. Rose was chosen as their patron.

The Comets, whose hitting has been rather anemic lately, didn't need hits to score their first two runs as Lutz was hit by Pawly's first pitch and scored on an error. Shortly afterwards, Stephen Haby came home on a bad throw by the second baseman. Then in the third, Jungman drove in what proved to be the winning run with a long triple over the left-fielder's head. Haby added two insurance runs in the fifth with another triple to left.

The Comets hope to finish off the season with a game against St. Anthony's. The game has been postponed three times because of rain.

Natalia Boys Get Awards From FFA

Claude Davis, Marshall Davis, and Bobby Putman journeyed to San Marcos Friday for the Area VII FFA Leadership Checking Committee. All three of the candidates passed the first step to become a Lone Star Farmer. The State Checking Committee will determine if they become Lone Star Farmers on June 3. The Lone Star Farmer Degree is the highest degree the State Association can confer upon an FFA boy.

Marshall and Claude Davis also distinguished themselves upon receiving two other awards. Claude received the Star Dairy Farmer award for Area VII for having the best set up dairy project in operation. Marshall received the Herman F. Heep Dairy Scholarship for his supervised dairy program. This award consists of \$400 or a scholarship if Marshall attends A&M College pursuing a course in dairy husbandry.

B. C. McDonald, Natalia FFA Advisor, accompanied the boys to San Marcos. While at San Marcos, McDonald and the boys visited "The Wonder Cave".

D'Hanis Increases First Place Lead

Rain washed out one Highway 90 contest last weekend while two other games found Castroville taking a 10-1 victory from last place Uvalde, and first place D'Hanis wiping out Rio Medina 5-3. Hondo and LaCoste, who were scheduled to play at Hondo Saturday night, were rained out.

Castroville Game
The Castroville Indians snapped a two-game losing streak Sunday by soundly trouncing the Uvalde Red Sox 10-1. E. Tschirhart limited the Red Sox to three hits and was in trouble in only one inning — the fourth.

Lynroe Tschirhart and Royce Groff were the big guns in the Indian attack. Tschirhart had two for four, including one double and one RBI. Groff added a homerun and a single with two RBIs to the attack.

G. Schmidt was the stand-out on defense as he handled eight chances without a bobble.

M. Wiebush started on the mound for the Red Sox but was relieved in the fifth by C. McKenney. Wiebush gave up four hits, six runs and passed out six free passes to first base. McKenney gave up four runs on five hits while giving one free pass to first.

After two and one-half scoreless innings, Castroville opened in the bottom of the third with one run. The Red Sox bounced back in the top of the fourth, scoring one run and tying up the game.

The Indians broke the game wide open in the bottom of the fourth when they pushed across three runs to take the lead 4-1. The fifth went scoreless before Castroville added another three

in the bottom of the sixth, two in the seventh and one in the eighth.

Wiebush was credited with the loss while Tschirhart added a victory to his record.

D'Hanis Increases Lead
D'Hanis increased their lead in Highway 90 play when they defeated Rio Medina 5-3 at D'Hanis. The Pirates were never behind during the entire contest.

Taking an early lead 3-0 in the bottom of the first, D'Hanis watched as Rio sent across one in the top of the second, one in the fifth and one in the eighth. D'Hanis added two in the fourth.

Harlan Wolff went the entire route for the Pirates, giving up

McDonald, Devine News Get Awards

B. C. McDonalds, Vocational Agriculture teacher at Natalia; and the Devine News will receive awards from the Area VII Future Farmers of America, following their meeting in San Marcos last week.

The group selected McDonald for the award for an "Outstanding publicity job with newspapers on a local level. C. P. DuBose from the Devine News, will receive an award for his cooperation with McDonald.

By Fly

FLASH! Chaplain and Mary Elizabeth Tomme have returned to Texas! And were we surprised. They are taking up residence in San Antonio for three or maybe even four years! Welcome home, friends. Long time no see.

FLASH! We have just received a new child's Gym Set. And it's really a gym set — slide, 2 swings, exercise bar and rings, and a "jungle-gym". It's sure a nice looking set and plenty rugged.

We also have a metal sand box with a shade — the perfect thing for those who like to move the sand pile around. Drop by and have a look at these and our swimming pools while you're here.

Lawns are growing so fast these days that it's almost impossible to keep up with them, but Fly's Hardware has the answer to that. The power mower. Drop by and look them over — we'll finance them for you, too. Don't be bashful. Come on in. And we also welcome the new class and their families at the Air Base.

Bill (Paid adv.)

Hondo Will Play Strong Kelly Nine

The Hondo Air Base Flyers, with four convincing victories under their belts, will play Kelly AFB at Hondo tonight, minus their leading hitter, Bob Musgrave.

Musgrave, one of Hondo's five professional stars, walloping the ball at a staggering .437 clip, will miss tonight's contest because of a severe shoulder injury, suffered in Hondo's 6-5 victory over Lackland last Friday.

The former San Antonio outfielder, owned by Baltimore, apparently tore a small muscle in the shoulder joint when swinging at a pitch. Physicians have been unable to definitely pinpoint the injury but one Air Base and one local doctor agree that it will sideline Musgrave for an indefinite period.

According to Musgrave, it is the first such injury he has suffered during his baseball career. Frank Bless and Jim Amberson, coaches for the Flyers, are uncertain who will replace Musgrave in centerfield. Both coaches hope that the lefthander will be ready for Hondo's toughest opponent of the year, Brooks Army Medical Center, May 27 here at home.

Brooks currently is the hottest team in the area with a 22-2 record, composed, like Hondo, of professional and college stars.

Musgrave's absence in tonight's game might be lessened by a new professional addition to HAB's, Chet Cooper. Cooper, a big free-swinging first baseman, was formerly owned by the Kansas City Athletics. He is expected to supply the long-ball

power for the local base.

According to the latest figures released today, Hondo is hitting .277 as a team and has five regulars hitting over .300. A newcomer to the Flyers, Dudley Swofford, Texas A&M athlete, made an auspicious debut against Lackland by getting two singles in three trips, plus two walks.

Here are Hondo's top six hitters, with more than five official trips to the plate and with at least three games played as regulars.

| Hitters | AB | R | H | AV |
|-----------|----|---|---|------|
| Musgrave | 16 | 7 | 7 | .437 |
| Keller | 19 | 4 | 8 | .421 |
| Buck | 5 | 3 | 2 | .400 |
| Gerity | 6 | 0 | 2 | .333 |
| Cobb | 13 | 2 | 4 | .307 |
| Rasmussen | 20 | 4 | 6 | .300 |

In the pitching department, Jack Roberts, the fire-balling

Baptists Set Dates For Bible School

The date for the Vacation Bible School of the First Baptist Church is June 2-12. Superintendents and workers have been busy for several months getting materials together. There is a place for every child from the age of 3 through 16 years of age. The hours are 9-11:30 a.m.
